

VOLUNTEER OPPORTUNITIES

SET UP

Join us in the morning to prepare the walk site. Jobs may involve unloading and distributing supplies, setting up tables and chairs, and hanging banners.

REGISTRATION

Registration volunteers greet and check-in walkers, collect pledge envelopes, and provide general information to walkers. Registration volunteers must be trained on the registration process at the mandatory training session held 30 minutes prior to registration start time.

GREETERS

Greeters welcome walkers and direct them to the appropriate areas at the walk site, ensure registration lines are moving quickly, and answer any necessary questions.

REST STOP

Set up rest stop and re-stock supplies as needed. Rest stop volunteers create a fun atmosphere for all by cheering and providing food and beverages for participants as they take a short rest along the route.

PROFESSIONAL

Do you have special talent? Share your skills with WALK MS participants and make it a memorable experience for all. We welcome massage therapists, comedians, musicians, face-painters, etc.

FINISH LINE CELEBRATION

Time to celebrate! Finish Line volunteers will cheer walkers across the finish line and celebrate with them as they return!

Please contact Megan Smutz at 302-655-5610, x86115 if any of these positions interest you.
